## AMERICAN RIGHTS ASKED IN NOTE

Mandate Question Put Up to  
World Council

BRITAIN WITHHOLDS REPLY

Protest Previously Sent to Lon-  
don Unanswered

WASHINGTON — (By Associated  
Press) — The American government  
has communicated directly to the  
League of nations council its views  
with regard to mandates as set forth  
in the note sent by Secretary Colby  
to the British government last No-  
vember, it was announced today at  
the state department.

Acting on an official intimation  
that since the council already had  
taken action on the question of  
mandates, the opinions expressed in  
Mr. Colby's note to Lord Curzon, the  
British secretary of state for foreign  
affairs, should be conveyed to the  
council a communication that was  
described as practically a duplicate  
of that note was dispatched to  
Paris last night.

BRITAIN'S MESSAGE  
While no reply has been received  
from Great Britain, it has been un-  
officially stated that the British  
government was preparing an an-  
swer that would go far towards sat-  
isfying the American contentions  
that equal opportunities must be  
provided for the citizens of all  
countries in all mandate territories.  
It has been suggested that Sir  
Auckland Geddes, who returned to  
the United States yesterday after  
consultations with the foreign office  
in London, had been empowered to  
convey the ideas of his government  
on the subject. Officials of the  
department declined to say from what  
quarter the intimation came that  
the question should be taken direct-  
ly to the League, but it was believed  
it came from Great Britain and that  
the returning British Ambassador  
had the message.

RIGHTS DEFENDED  
Communications have been ex-  
changed by the department from the  
United States and a certain amount of cor-  
respondence has followed, but this  
is the first time that the United States  
has initiated any action before that  
body. Officials insisted that it was  
not to be taken as an indication that  
the United States was to become in-  
volved in controversies of the  
League, but rather as a manifesta-  
tion of the determination of the  
United States to insist upon its  
rights even if it is not a member

OF THE LEAGUE.  
In his note to Lord Curzon, Secre-  
tary Colby said the United States  
had no desire to be excluded from  
participation in the rights and priv-  
ileges secured under mandates pro-  
vided in the treaties of peace and it  
intended to be heard regarding the  
terms of those mandates before they  
were put into force.

THE NOTE WAS IN REPLY TO ONE  
FROM GREAT BRITAIN UNDATED, DATED  
IN AUGUST 6, AND WHICH DEALT WITH  
THE APPLICATION OF THE PRINCIPLE OF  
EQUALITY OF TREATMENT TO THE TERRI-  
TORIES OF THE NEAR EAST TO BE PLACED  
UNDER BRITISH MANDATE. THE AMER-  
ICAN GOVERNMENT TOOK ISSUE WITH  
WHAT WAS DESCRIBED AS THE BRITISH  
POSITION THAT MANDATE AGREEMENTS  
WILL BE CONSIDERED BY THE STATES MEMBERS OF THE  
LEAGUE.

BIRTH RATE DROP  
"My observations here confirm my  
views that food and fertility go hand  
in hand. The commission dealing  
with the grave problem of the steadily  
falling birth rate in Europe has  
failed to grasp the fundamental  
truth which applies to vegetable  
and animal life alike—that a right dietary means increased  
fertility and wrong feeding leads to  
increasing sterility."

"If a gardener wants much foliage  
he feeds the plant with one  
food; if he wants fruit or seed he  
feeds it quite differently. So does  
the stockfeeder and breeder. It is  
a difference in food only which  
transforms similar eggs; one into a  
drone and another into a queen bee."

FERTILITY FOOD

"Whereas before the war in  
every European country the birth  
rate showed a steady fall, yet in Serbia,  
Bulgaria and Rumania, where  
the hardy peasants still live on rye  
bread, dried fruits, vegetables,  
cheese, oil and sour milk, there was  
a continuous high birth rate and no  
decrease."

"Here in the West Indies, where  
the dark races live on yams, sweet  
potatoes, cassava, nildian corn, sugar  
milk, coconuts, bananas and  
oranges, with some salt fish, the  
birth rate is high and the fertility  
irresistible."

"Owing to ignorance and want of  
sanitation the infant mortality is  
high, but when that is removed the  
black population will multiply at a  
far higher rate than the white unless  
the white population of the world  
learns that it is corn, oil and wine,  
salads, milk and honey which pro-  
duce a fertile race, and that meat  
eating spells increased sterility."

## RACE DEATH SEEN IN FLESH EATING

### English Author Traces Birth Rate Drop to Meat

LONDON — (By Associated Press) — Dr. Josiah Oldfield, English physician and author, who believes that flesh eating is a prolific source of disease and one of the worst enemies of the human race, is of the opinion that the wastage of life caused by the war might be speedily repaired by right feeding.

Dr. Oldfield is a strong advocate

of the frutarian diet and has been

senior physician of the Lady Mar-

garet Fruitarian Hospital at Bromley.

Writing from Jamaica he says:

## MAY BOOST FARES

### Toledo Street Railway Losing \$3,000 a Day, Claim

TOLEDO — (By Associated Press)  
Increase in street car fares to seven  
cents unless a way is found to elimin-  
ate busses as competitors of the  
traction system, was declared by the  
street railway board of control to  
day to be imminent.

It was pointed out by Wilfred E.  
Cann, traction commissioner, that  
the Community Traction Company  
is running behind about \$32,000 a  
month, after providing for all fixed  
charges.

In a letter presented to the board  
of control, Commissioner Cann  
showed that checks made on two  
days indicated that 12,000 persons  
were riding busses each day. This  
means a direct loss to the company  
of \$720 a day, according to the let-  
ter. The loss in operation amounts  
to more than \$3,000 a day, counting  
depreciation payments, the com-  
missioner said.

The Community Traction Company  
began operation February 1, when  
the new service-at-cost franchise  
went into effect and the Toledo Rail-  
ways and Light Company surren-  
dered its rights in the city streets.

FIREMEN INJURED  
COLUMBUS — Three firemen  
were injured when a floor gave  
way and property damage estimated  
at \$5,000 was done by a fire which  
swept the basement of the John  
Swain block in High-st, near Broad  
this morning. The building was occ-  
UPI  
cupied by the Pastime Moving Pic-  
ture theatre and several small shops  
on the ground floor.

## 20,000 MEN FIGHT SNOW

### New York Again Hit by Storm— Temperature Drops

NEW YORK — (By Associated  
Press) — New York, after having  
suffered two days as a result of the  
most severe snow storms in years,  
awoke this morning to find a second  
heavy fall in progress.

More than 20,000 snow fighters,  
who with improved snow-moving  
apparatus, worked throughout the night  
in an effort to clear streets, set in  
when the big flakes began to  
fall at 7 o'clock.

Streets and sidewalks which be-  
came mushy yesterday under a  
warm sun, were icy today as a result  
of a falling temperature during the  
night and the new snow found a  
firm foundation.

## FACTS ABOUT TWO MEN WHO WILL HAVE PLACES IN NEXT CABINET

NEW YORK — Charles Evans  
Hughes, who is to become the next  
secretary of state, sums up his own  
character in this recent statement:

"The other day a man said I was  
Mid-Victorian in my ways of think-  
ing. Well, I have lived and toiled  
to win esteem, not liking."

Hughes promised his father that  
he would not read a novel until he  
completed college. He kept his  
word.

He applied himself so closely to  
his work, that he admits, he seldom  
called upon Miss Antoinette Carter,  
to whom he was engaged and whom  
he married Dec. 5, 1888.

After his marriage he moved to  
New York. Few knew him. He  
mixed little in politics.

Then in 1903 he was appointed  
as counsel for a New York Legis-  
lature committee investigating gas  
and electric companies. In three  
weeks he proved the consolidated  
gas companies a monopoly.

Hughes emerged with the reputa-

## OHIO LEGISLATORS CELEBRATE

Assembly Adjourns to Pay Tribute to George Washington

### DINE AT STATE UNIVERSITY

Measures Introduced in House and Senate

COLUMBUS — (By Associated  
Press) — The Ohio legislature paid  
tribute to George Washington to-  
day.

After formal session this morning,  
at which short addresses were made  
in the senate by Senator Archer of  
Noble-co, and in the house by Rep-  
resentative Dunn, of Wood-co, mem-  
bers went to Ohio State University  
where a round of entertainment was  
in store for them. It was the annual  
celebration of University day in con-  
junction with the Washington birth-  
day celebration.

The legislators were entertained  
by President Thompson and the uni-  
versity faculty at a luncheon at Ohio  
Union and a military review and other  
college features were on the day's  
program of entertainment.

Last night, the lawmakers were  
guests of the University Athletic Asso-  
ciation at the basketball game be-  
tween Ohio State and Wisconsin.

### BILLS INTRODUCED

A bill providing for the organiza-  
tion of co-operative banks under the  
supervision of the state banking de-  
partment was introduced yesterday  
by Representative Rainey of Lucas-  
co, while in the senate, Chatfield of  
Hamilton, introduced a bill that  
would enable state banks to partici-  
pate in the proposed corporation to  
finance foreign trade. The bill has  
been recommended by the state  
banking department. It would per-  
mit state banks to invest up to ten  
per cent of their capital in such an  
enterprise.

The house dealt a final blow to  
the fisherman's license bill by de-  
feating a motion to take it from the  
table. Under parliamentary pro-  
cedure, it is said, it will be impos-  
sible to revive the bill now.

### UNION HEADS MEET

Vital Problems Face Labor Chief  
At Washington

WASHINGTON — (By Associated  
Press) — What were regarded as  
vital problems affecting organized  
labor in connection with the present  
industrial situation confronted the  
executive council of the American  
Federation of Labor on meeting  
here today preliminary to opening  
the conference Wednesday of heads  
of 109 national and international la-  
bor unions. The meeting of the  
labor heads was called by President  
Samuel Gompers to consider means  
for opposing any general institution  
of the "open shop" and also for  
dealing with the question of wag-  
e reductions and anti-strike and com-  
pulsory arbitration laws.

While no definite developments  
were expected from the meeting of  
the executive council itself labor of-  
ficials emphasized its importance in  
connection with the conference to-  
morrow.

Foreigner Held in \$1,000 on Whisky Making Charge

Pleading not guilty to a charge of keeping a place for the manufacture of liquor, Joe Sarakotis, 42, who was arrested by a raiding party Monday afternoon, composed of city and county officers, working under the direction of Chief of Police O. J. Roush and Sheriff Charles Baxter, is being held in city prison Tuesday awaiting a hearing before Judge Emmett Jackson in criminal court.

**WILL FIGHT CHARGE**

Sarakotis was arraigned before Judge Jackson at 10 o'clock Tuesday morning. He flatly denied the charges, and said he would contest the case.

Mrs. Sarakotis, who was in the court room with her husband, was instructed by him to immediately secure the services of an attorney. Pending his arrival, the date of hearing could not be set by the court.

According to Sarakotis' story, he was renting the place to a man whose name he did not know for \$30 per month. He did this, he said, to help pay off a \$12,000 mortgage on his farm, three miles southeast of Lima on the Velder-nd, where the two stills were found in a dark basement to which the only entrance was a small trap door leading down from a kitchen pantry.

This unknown man, he says, is a traveler and he does not know his place of residence. A machine found in his barn was unclaimed by Sarakotis, who told officers in the raiding party that it belonged to the man who owned the two stills.

**GROCERIES NOT STOLEN**

The supply of groceries found by police in an upstairs room were identified by police Tuesday as those which he moved to the farm from a grocery store he formerly owned on Fourth-st. At first it was believed that these were stolen from railroad cars, but it has been definitely established that this is erroneous.

Sarakotis is not believed by police to be a thief.

The alleged violator of rum laws remained quiet behind the bars in city prison, unable to give the \$1,000 bond required. His wife and her sister remained with him during the morning when they left they gave him a deck of cards to pass away the time with other prisoners in the jail.

Mrs. Sarakotis became very irritable with a newspaper reporter. She tried to grab hat from Officer Watkins in her excitement, to exterminate the "dirty rat," as she termed the news chaser.

As she backed her way out of police station she violently waved her arms in anger, exclaiming: "I'll get even with you. Shame on you, you

**MANY SEE STILLS**

Scores of people visited police headquarters all day Tuesday to examine the whiskey-making apparatus. Sergeant Frank Eberle said late in the day he believed it would keep some of the onlookers away if they would make blue prints and distribute to those mailing in their requests, with a stamped envelope enclosed.

The stills have been set up by police for the curious persons desiring to see the outfit used in manufacturing rye jack.

## BOLSHEVIKS HALT LEAGUE'S ARMY

Troops Enroute to Vilna Stopped by Reds' Wireless

DOORS CLOSED TO FORCES

Passage Barred Thru Influence of Radicals

PARIS — (By United Press) — The league of nations army is halted today by Foreign Minister Tchitcherin's Bolshevik wireless.

The army was assigned to go to Vilna and supervise the plebiscite there to determine whether the city shall be Polish or Lithuanian. The city is the capital of Lithuania. The Bolsheviks want to keep the League of Nations from sending in an army to supervise the plebiscite, on the ground such action would be virtual intervention in favor of Poland.

### TROOPS BLOKED

Spanish, British, Belgian and French troops, comprising the League army, are en route to get to Vilna via Switzerland. Bolshevik wireless orders to stop all railroads who brought pressure on the government of Poland to refuse the army passage thru the country. The troops tried to pass thru Italy. Again the Moscow wireless sent orders. After the radicals had acted, the government reported to the League that it would not be well to send the army thru Italy. Italian railway workers are among the most radical in the country, the government said, and there might be trouble if the soldiers used the railroads.

### RADICAL THREATS

It developed today that Bolsheviks had proceeded in other countries to the same inaction. Germany, Austria, and Czechoslovakia in turn were compelled that the threats of their radicals to turn the League army back.

The League of Nations council may decide on action this week, to compel the member countries to give it troops passage. The Vilna plebiscite originally was set for March, but probably will be delayed several months as a result of the Bolshevik wireless campaign. Delegates to the League council, highly annoyed at the interference, admitted Russia was holding them back. They admitted they had no way of meeting the attack now.

## HORSES CLAIMED HEALTH MENACE

Dr. J. J. Sutter Makes Complaint to State Board

Dr. J. J. Sutter, county health commissioner, Tuesday communicated to the state department of agriculture at Columbus facts concerning an alleged violation of the state law which requires that "carcasses other than hogs, must be tanked 24 hours after arrival at the fertilizer plant."

Dr. Sutter stated Tuesday that there is a violation of this state law just outside the city limits at the northern ranch-plantation now under the management of Dan Khrum in North Carolina. The well known chairman will be Khrum's guest but incidentally will direct a great portion of the huge engineering feats which are reclaiming thousands of acres of swamp land.

Dr. Sutter said he had made a personal visit to the place Tuesday and found the condition as had been reported to him. The owner promised to remove the alleged dead animals three weeks ago to

### MEETS DIFFICULTY IN COMPILING HONOR ROLL FOR ALLEN-CO

Mrs. Irene M. Jackson, head of the home service bureau of the Red Cross, who is compiling a roll of honor for Allen-co, is finding it a difficult matter to secure information.

Interest apparently has waned since the soldiers have returned and even many of the lists of soldiers prepared during the war have disappeared.

As this is of extreme importance, not only to future generations but to the service men themselves, Mrs. Jackson has requested that anyone having information regarding honor rolls prepared in the past, communicate to her at once. The Red Cross offices are in the Lima Business School building on N. Elizabeth street.

Mrs. Jackson seeks to compile a list of the names of Allen-co soldiers killed in action overseas, who died from wounds or from disease contracted while in the service.

## MAY REORGANIZE CENTRAL HI-Y

### Joint Meeting With South Hi-Y Indefinitely Postponed

Joint meeting of Central and South Hi-Y clubs scheduled for Wednesday night, has been indefinitely postponed, due to the failure of Central boys being notified. South will hold their regular meeting at South Wednesday night, but Central will not have a meeting.

Plans had been made to secure a prominent Lima man to address the clubs and arrangements for music had been made.

South's Hi-Y is rapidly becoming one of the most prominent of the high school organizations. A large group of fellows are attending each meeting and interesting discussions are being held weekly.

The Central Hi-Y is not the success this year it has been in the past, it is stated. Only a few of the boys are attending the meetings. Last week the time of the meeting was not definitely known and only a small number were present. Two weeks ago when an evening meeting was held, the attendance was 200.

A. Leeson, Boy's Secretary of the Y. M. C. A., stated Tuesday he believes the club should be reorganized if it is to be a success. Whether a reorganization will take place is not definitely known.

### Reserve Fund

The Allen County Savings & Loan Company each six months adds to its Reserve and Undivided Profits funds, to provide against any possible losses.

The company has been managed so carefully that of all the millions of dollars it has loaned, not one dollar of principal on any loan has ever been lost. Think what it would mean if every individual would build up a reserve fund to be used only for emergencies. The fund might never be needed, but there would be a lot of comfort in knowing that it is within reach if needed.

NEW MESSENGER AIRPLANE BUILT TO PERFORM MANY HURRY UP ERRANDS

The new messenger plane ready for a flight

The new messenger plane has made its first appearance in Washington, D. C. It is one of the smallest planes in the world, having a wing spread of only 20 feet at 18 M.P.H. FEB. 26, FOR THE SPEED OF 55 miles an hour, it has a 60 h.p. powered motor and will carry a load of 200 pounds. The purpose of the new machine is to reduce motor time for certain messenger posts. An aviator is shown lifting the tail of the plane.

Do you think dirt never fell off a diamond ring—soak yours in Blue Devil and wash!

## HOUSE SHORTAGE IN WAPAKONETA

Company Organized to Erect Moderate Priced Homes

AUTO IS STOLEN IN LIMA

General Resume of News of Auglaize-co Town

WAPAKONETA — (Special) Eleven business men here organized the Wapakoneta Home Builders Co., and applied for incorporation papers Monday. Capitalization is for \$50,000, half preferred and half common stock. The purpose is to build moderately priced homes and dispose of them on easy terms to those who haven't the ready money.

While he was attending a Lima theater, Ed. Martin of Walter Arnold of that city was stolen.

125th Ind. here organize a band of 40 pieces. Played for the first time at initiation put on Tuesday. Director is John Chiesa.

Educational committee of Women's Club, composed of Misses O. J. Boesel, H. E. Piel, Glen Drummond and Misses Kate Kuhler and Ruby Winter, are co-operating with schools by supplying free magazine service.

One of a chain of stores of Syndicate Carpet Shoe Co. will be established here in March.

Adrian Thompson, 18, was released on bond after a week in jail for attempting to forge a check for \$226.40.

Petty thieving is flourishing here. Police reported a young man was robbed of \$25 in a church.

Oliver Gossard, New Bremen, was arrested by Constable William

Weber on a charge of assault and battery, preferred by William F. Kueck, a wealthy New Knoxville farmer on whose farm the alleged assault is said to have taken place.

High school here held a carnival Monday night, to obtain enough funds to send the basketball team to the tournament at Delaware next Thursday. Several hundred dollars realized.

Annual high school basketball tournament will be held in Waynesfield Friday. All high schools in Auglaize-co with exception of St. Marys and Wapakoneta expected to compete.

CHURCH TRUSTEES TO SELL PROPERTY; LIFT MORTGAGE ON CHURCH

Permission to trustees of Grace Methodist church to sell property will be granted by the late Thomas A. Malbinis, granted in common plow court today. The money will be used to assist in paying off a mortgage of \$3,400 against the new church building.

The property consists of 140.4653 in Van Dyke's addition to Lima. Trustees who filed the petition were E. T. Bowdile, George A. Herrett, J. H. M. Morrison, J. E. DaVoe, C. L. Neiwander, W. E. Kleinfelder and Ernest M. Dotkin.

CLEVELAND BUILDING COLLAPSE INVESTIGATED

CLEVELAND — Investigation of the killing of two men and injury to two others in the collapse of the third floor of the Masonic Temple building here yesterday, was underway under the personal direction of Mayor Fitzgerald.

While the debris was not entirely cleared away, it was believed that no others were caught by the slide. A check-up of the workers shows them all accounted for.

The dead were Nathan L. Sogolovitz, vice-president of the Guyaboga House Wrecking Company, in charge of raising the structure and Fred Soeder, 68, night watchman. The bodies were not removed until near dusk yesterday.

## NUXATED IRON

Helps make rich red blood and revitalize weak nerves

## A CAUSE OF WOMEN'S ILLS

WOMEN OFTEN THINK THEY HAVE HEART TROUBLE, INDIGESTION, NEURVOUS PROSTRATION, ETC. WHEN IT'S SIMPLY IRON STARVATION OF THE BLOOD.

Many women believe that they are weak and nervous as a result of worry and overwork; they think that their disturbed digestion, headaches, palpitation, shortness of breath, etc., are due to the lack of iron. They are due to some serious disease instead of the real cause—iron starvation of the blood. This is proven by the fact that many times same women take orange juice, tea, while all their alarming symptoms quickly disappear and become strong, robust and healthy. It is absolutely necessary to enable you to change food into living cells and tissue. If the iron does not do its work it will not do good; so do not get the strength out of it.

Women are not strong and weak, nor want until you go all to your collapse in a state of nervous prostration, but take some organic iron now and from at once. But be sure it's organic iron, not metallic iron which people usually take, which is produced merely by the action of strong acids on small pieces of iron. Organic NUXATED IRON is like the iron in your blood cells, it is easily absorbed, it stimulates the body and brain, it gives you strength and mental vigor of weak women in two weeks' time.

Buy it in substitutes. Look for the word "Nuxated" on every package and the letters "N." on every label. Your money will be refunded by the manufacturer if you do not obtain perfectly satisfactory results. At all druggists.

HIS TROUBLE IS ALL GONE

"I was afflicted with pains all over my back and kidneys," writes Charles A. Miller, Clinton Ave., Kettering, Ohio. "After three or four doses of Foley Kidney Pills I became all right and my pain is all gone." Foley Kidney Pills remove backache, urinary irritation, rheumatism, pains in the joints, sore muscles and other symptoms of kidney trouble. It is a splendid medicine, prompt in action and always helps. Contains no habit forming drugs.—Charles J. Vorkamp, Main and McElroy Streets.

## CLERKS GET PAY INCREASE

Odds and Ends of Council Business Monday Night

### STREET NAMES ARE CHANGED

Williams' News Stand Remains. Council Decides

Council Monday night, by unanimous vote, decided to change names of eight Lima streets.

Washington-ave is changed to Rosedale-ave; Franklin-ave to Kenworth-ave; Center-st to Quillan-st; Findlay-st to Flanner; Maple-st to Verdun; N. Broadway to McDonald-st, of which it is an extension. Tanawha will be known as Central ave and Forest-ave as Union-st.

The first six were changed because there are other streets or avenues of the same name in Lima.

At the request of officials of the Lima Locomotive works and the steel foundry, Metalcast from the Lake Erie and Western railroad to the First Line; Business Avenue, from Fourth to the Bell Line; Fourth-st from the Bell Line and Ohio railroad to the Wapakoneta road, and all intersecting alleys were ordered vacated.

### NEWS STAND STAYS

The news stand operated by Ralph Williams, High and Main-st, is allowed to remain in its accustomed place, council decided.

Lowering of water rates were discussed. An investigation was ordered made by the sewer, water and sanitation committee of the city of maintenance, with view to decreasing losses of water by leakage. City Auditor Rupert's report, which was received, told of losses of \$300,000 a year thru leakage from the mains.

Bonds for \$254,598 were ordered issued to pay cost of the city's portion of the boulevard lighting system on Main and High-st and extensions and sewer and purification plant project.

Increase of salaries of clerks of the city solicitor and city auditor and market-master's assistant were allowed.

City Solicitor Gartler's secretary was increased from \$50 to \$65 a month; City Auditor J. L. Rupert's clerk will receive a salary of \$125 a month.

Assistant to the market-master will be employed only when needed and he will receive 25 cents an hour.

## THREE ARRESTED

Father and Son Quizzed in Murder of Teachers

CLEVELAND.—(By Associated Press).—Three men, a father and his sons, were taken in charge this morning by Cleveland police working on the murder last Wednesday of Louise Wolf and Mabel Foote, Parma Heights school teachers, and brought to the city for examination.

No hint that they were suspected of any part in the crime was advanced, but their knowledge of the movements of a fourth person is said to be under investigation.

The three men are said to live in Parma village. A squad of detectives went to their home early today after an hour of secret inquiry in the village and asked the men to accompany them to police headquarters. All are said to have agreed to make the trip.

### 'MODERN HUSBAND' HAS QUIT IN DISGUST; TAX RULING IS THE REASON

SAN FRANCISCO.—Clarence Tattermuth boasts of being California's most modern husband. When women were granted suffrage, he paid his wife a salary instead of giving her an allowance. Today he considered he had made a mistake. The income tax law is blamed.

When Tattermuth called on Colonel J. L. Flynn, of the Internal Revenue Department, he scheduled his earnings for 1920 at \$2,000. With exemptions deducted he had \$40 to pay.

"Did your wife earn anything in 1920?" asked Colonel Flynn.

"Sure she did—\$1,500."

"Ah," drawled the colonel. "Then you'll have to pay tax on that \$1,500 also—\$60 more please." "But that's what I paid her for doing housework," said the alarmed Tattermuth. "You don't mean to say it's going to cost me \$60 a year to pay my wife for keeping house for me, do you?"

"Sure," said Flynn. "If you paid her for work, it's your personal expense and her income. The \$60 must be paid."

"I'm thru with being California's modern husband," said Tattermuth. "It's too expensive. But I'll have a boy of trouble, tho, when I get Molly."

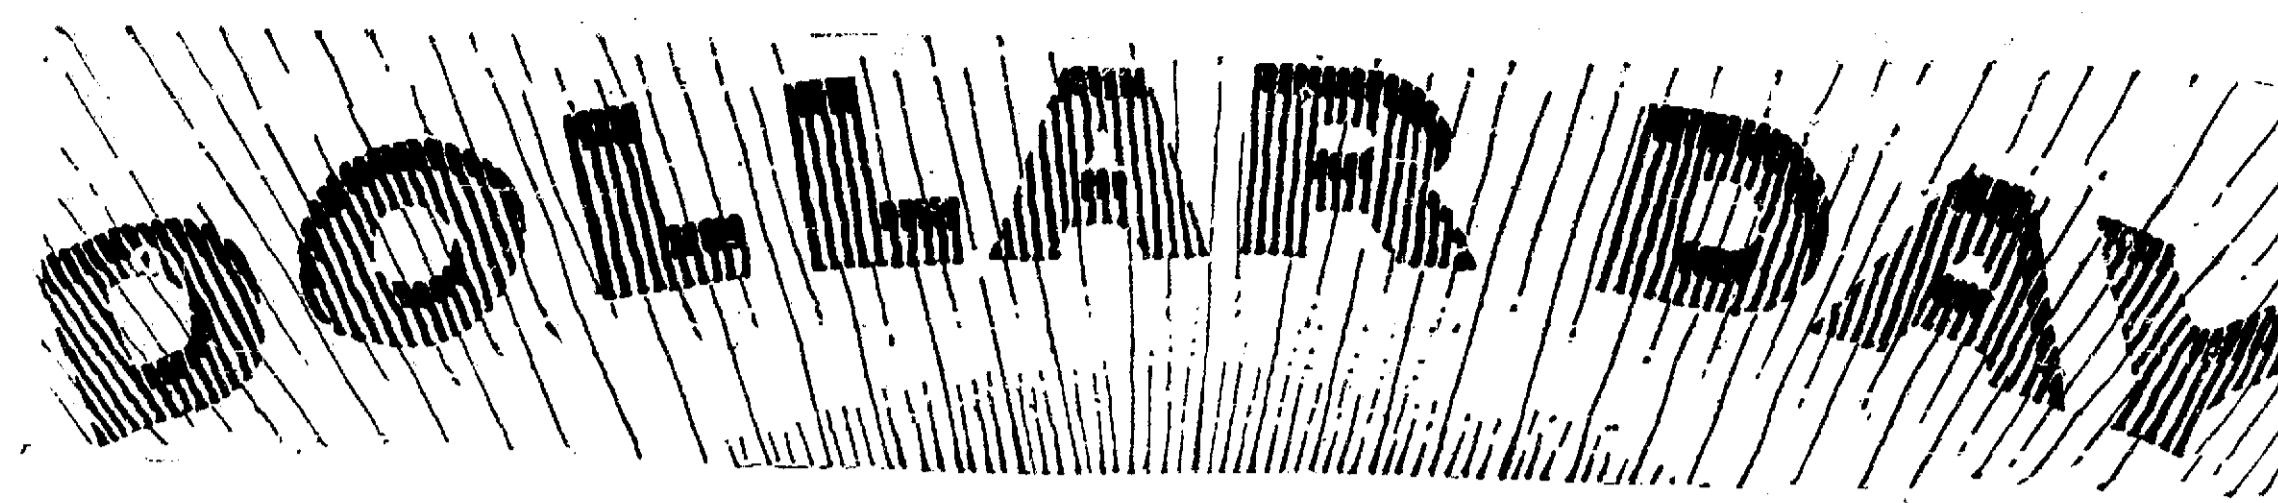

### PROMISES TO SUPPORT CHILD; FATHER RELEASED

Robert Winks, employed in Lima, was released on bond Monday afternoon, when he pleaded guilty before Judge F. C. Becker to non-support of his young child. The complaint was made by the grand-father of the child, with whom the baby lives.

Winks and his wife are divorced and she has since re-married. Her parents keep the child. Parents of Winks told the court he would provide for its proper maintenance in the future.

## TRACTION OFFICES GO TO VAN WERT

Central Point on Lima-Ft. Wayne Line is Chosen

### DELPHOS POST HONORS HERO

Tri-County Fair Association to Hold Meet Soon

DELPHOS — (Special) — The offices of the Ft. Wayne, Van Wert and Lima Traction Co., formerly the western division of the Ohio Electric, are situated in Van Wert. That city was selected as the general headquarters because it is near the center of the line.

N. K. Smith, superintendent of the line, will be stationed there and he states that the office of the auditor will probably be moved there. Many improvements are being planned for the road, and Sam McGreenough, general manager of the company, made a tour of inspection with other officials, and planned improvements.

The entire Delphos American Legion Post No. 208 were present at the funeral of William J. Holloman, the Ft. Jennings young man who died in a French hospital as a result of wounds received while in action, and an attack of pneumonia.

Edward Hammont, of this city, was arrested in Van Wert where he was charged with breaking quarantine rules by entering the home of a relative who was sick with smallpox. He was fined \$200, and sentenced to 90 days in the work house. Both the fine and sentence were suspended.

W. D. Hughes, John H. Gause, Jesse Beam and Frank Balyeat were named by the Van Wert co. fair board to have charge of the purse and classes for the stock races at the 1921 Van Wert co. fair. The committee was authorized to use \$6,000 for purses. Arrangements will be completed at a meeting of the fair board called for Saturday, February 25.

The Delphos Tri-County Fair Association will hold meetings here Wednesday, Thursday and Friday of next week. Arrangements have already been practically completed for the fair to be held here in the fall.

### MOTHER!

"California Syrup of Figs"  
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California" — Adv.

### PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowel and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain, after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "tired" feeling, constipation, rapid liver, bad disposition or pimpy face.

Olive Tablets are a nicely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 1 oz. and 3 oz.

### SLOAN'S GOES RIGHT TO THE ACHING SPOT

You can just sniff by its healthy, stimulating odor, that it is going to do you good.

Thousands of men and women when the least little rheumatic "crick" assails them, have Sloan's Liniment handy to knock it out. Popular over a third of a century ago—for more popular today.

That's because it is so wonderfully helpful in relieving external aches and pains—sciatica, lumbago, backache, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing, to the sore spot. No noise, no stained skin.

All druggists—35c, 75c, \$1.40—Adv.

**ILICIT LIQUOR**

**O**FICERS of the police department and sheriff's office did a good piece of work yesterday in raiding and destroying one of the largest stills taken since prohibition made this business more or less prosperous. A number of liquor-making plants have been discovered and put out of commission here during the last few months, much to the credit of the department.

When the majority of the people declared that this should be a dry country they meant just that and they expected that the law would be observed and enforced. Those who meddle with the prohibition laws can expect no leniency. They know that the penalties have been made severe and that they are engaging in a hazardous business when they attempt to manufacture for sale intoxicants in violation of the law.

The police and sheriff's office should be encouraged by the public in running down these offenders, who, when brought into court and convicted, should receive the full penalty provided by law.

**DOLLAR DAY, WEDNESDAY**

LIMA will be the mecca for bargain seekers from a radius of 40 miles, on Wednesday. Business men of this city are represented in extraordinary numbers in this issue of The Lima News, presenting their offerings to the buying public. This is the Dollar Day issue.

When first conceived, some years ago, the Dollar Day idea was confined to dollar bargains. As the idea developed and the wisdom of it was made apparent, merchants evolved the plan of making such reductions on higher priced articles for the day as would attract purchasers of needed articles in other than the dollar class.

Dollar Day has become a fixed institution in Lima merchandising circles. The mere announcement of the recurrence of the day is sufficient to insure large representations of buying visitors from all parts of the territory adjacent to Lima, in this and other counties.

Lima's gates are open in welcome to visitors at any and all times, but the invitation to come is freighted with just a little more eloquence and insistence on Dollar Day.

Wednesday is the day of days for bargain seekers. Lima merchants have all arrangements made to do their part. Those who fail to advantage the opportunity laid before them will be the losers.

**FILIPINOS ARE RESTIVE**

WITH Aguinaldo, former outlaw leader in the Philippines who organized a following to resist American occupation after the islands were wrested from the Spanish in 1898, now a gentleman farmer and sugar planter, it would seem that there would be no further danger of an outbreak among the islanders, but the natives are becoming restive.

Promises made by the United States government that independence would be granted in the Philippines as soon as the natives demonstrated their ability to securely govern themselves and maintain a stable national institution, will be kept by this government, but the islanders feel that the time for the conferring of the desired boon has been reached and passed.

Hence, while there is no immediate prospect of an uprising in the far Pacific islands, there is no denying the fact that the people are anxious to establish and maintain their own government, without let or hindrance from this

An authority says a modern girl goes to a dance wearing only four garments. We know one of them, but what are the other three?

There are a lot of absent-minded people in this world, due, no doubt, to the busy times in which we live. For instance, Kansas lady killed a man, hid him under a bed and entirely forgot the incident until she swept the room three or four days later.

That there is no immediate prospect of the United States granting Philippine independence is indicated by the statement that General Leonard Wood is to be made Governor General of the Philippines, under the new administration at Washington.

SECRETARY OF STATE

DEFINITE announcement of the appointment of Charles Evans Hughes of New York, by President-elect Warren G. Harding, as the Secretary of State and his acceptance of the portfolio, is made.

Citizens of the United States, irrespective of party affiliations or their political likes or dislikes, will agree that the selection of Charles Evans Hughes was a happy stroke by Harding. For whatever else may be said of this former chief justice of the supreme court of the United States, whose presidential aspirations received a set-back four years ago, he is a statesman and a high class citizen among the most learned men of his day.

A strong character, slow to act in questions of importance, Hughes has been schooled along lines that make for sanity and safety. As Secretary of State, there is little question but that he will merit the sobriquet of the "safety valve" of the new administration. As a presidential candidate four years ago, in the campaign against Woodrow Wilson, he was at a distinct disadvantage on account of the lack of a definite policy by the leaders of his party.

In taking a position in Harding's cabinet, Hughes is making a big financial sacrifice. The counsel and advice of a strong man will be needed and Harding is indeed fortunate to have advantage of the help of a man of the calibre of Hughes in such an important position.

WATCHING OUR LAWMAKERS

WHEN our lawmaking bodies, state and national, meet it is safe to predict that a flood of bills will be offered, some with no chance of passing and still others which should not be passed railroaded thru because of lack of interest on the part of both legislators and the public.

In our rush of every-day life we are too prone to take a chance on the makers of laws under which we live and hope for the best. Many of us know nothing about their acts until we are brought face to face with them in various ways, either by their effect, our personal conduct or our pocketbooks.

This condition will not be remedied until the public stirs itself and follows more closely proposed laws presented. It is true that so many are drafted it would be a burden for even the most alert to become fully familiar with them, but by careful reading everyone may get a general idea of what is going on in their state and national capitols. They then have the advantage of being able to singly or by organized efforts advise their representatives of their desires and those chosen to represent the people may act more in conformity with the general opinion of constituents.

It is a good thing, in fact an essential thing, to watch our lawmakers if we are to get the best results. Now is the time to begin.

**TODAY'S HEALTH HINTS**

By William Brady, M. D.

**THE CONSTIPATION HABIT**

The first dose of castor oil or other physic given to the baby is a tremendously important matter which calls for the judgment of the physician. Parents are sadly remiss when they permit anyone else to decide this question.

A baby is a delicate bit of machinery—that is, very finely adjusted, not weak, perfectly co-ordinated like a fine watch. Helpless attempts to regulate a watch with a hammer or monkey wrench are scarcely deemed advisable.

The second and third doses of castor oil or other physic are even more injurious than the first. The first dose, in rare cases, perhaps a necessary evil, but an evil nevertheless. The second and third doses tend to establish or increase the independence brought about by the first, and then set up a state of dependence on artificial stimulants to peristalsis or bowel movement. From this unwise or ill-advised resort to physics in the early days or weeks of life, the constipation habit is commonly established, and unless every care is taken the habit tends to become more fixed as the years pass.

Another factor of the constipation habit is inadequate feeding in infancy. For one reason or another often unnecessarily, the mother decides to wean the baby and resort to artificial feeding. She makes a half-hearted attempt to modify fresh milk to suit the baby's age and condition, and meeting with discouragements she readily listens to suggestions of advisers who are really not qualified to determine the food requirements of a growing child, and thus the baby is cheated with some deficient food which may be very convenient to prepare and entirely digestible but which, nevertheless, cheats the baby out of vitally necessary elements such as fat or vitamins (growth-promoting factors). A food preparation lacking a fair proportion of fat (a proportion akin to the four per cent in the baby food supplied by Nature) is bound to favor the constipation habit; moreover, such foods, if re-

duced upon as the sole nourishment of a baby for many weeks or months promote scurvy and rickets.

Still a third common factor of the constipation habit is failure to add substantially to the diet of the average normal infant from time to time in the first year of life. Thus, orange juice or any other fruit juice or tomato juice, any of these raw or cooked, should be given every day or two, from one to several teaspoonsful between milk feedings from the third or fourth month of age; and from the sixth month any stewed or baked fruit pulp may be given. Some fresh meat broth (beef, chicken, mutton) should be given about thrice weekly to babies from the age of seven or eight months. Along with this a teaspoonful or two of any vegetable, thoroughly cooked and strained thru a sieve may be given. The average baby is cutting teeth every minute, day and month from the age of six months to the age of twenty-five years, and the teeth are undoubtedly intended to function.

**WHAT THE STARS PREDICT**

This is an unlucky day.

All important decisions should be reserved for a day when the stars are more kindly.

There is no indication that despotism will be prevalent; this should be combated, since it will be both unwise and unnecessary.

Today is unlucky for weddings. Especially in the western states it will be noted that personal success, rather than a desire to serve the public, will rule.

Persons whose birthday this is, will have a successful year if they avoid new undertakings.

Children born today will be methodical and successful.

Imagine first the singular "v." The pronunciation came "Se'noakes," or "Snooks." Only one more step, and the first "v." makes it "Snook." The pronunciation "Snook" came about simply with that of the modern.

## PRAISE VOICED FOR EDW. KNOBLOCK'S "KISMET"

Colorful Drama Has Nothing Missing on Screen Save Resonant Voice of Skinner

David Warfield Coming to the Faurot—Theatre Directory in Detail

(BY ESTHER WAGNER)  
TIS SKINNER, greatest of American character actors, make his debut as a screen star in Edward Knoblock's colorful drama "Kismet," playing at the theatre this week.

The I have never seen "Kismet" its play, I am content. The stage version could have been no better. Here the resonant voice of Mr. Skinner is just right, but what of that? This less is many times more than the magnificence of the production by the cast.

AT THE SIGMA Mack Sennett's "A Small Town Idol" is the special attraction today at the Sigma theatre. Ben Turpin, Phyllis Haver and the regular Sennett cast handle the leading roles.

John Geiger also appears on the Sigma's program, offering selections on his talking violin.

### AT THE ORPHEUM

Worthy program of top-notch vaudeville, headed by Prince and Bell; Dale and O'Neil, is a comedy sketch; Art Hawk's Crackerjacks, a miniature musical tabloid, with a jazz trio.

### AT THE MAJESTIC

As the feature attraction today, the Majestic theatre is presenting the entire serial "Bound and Gagged," ten full episodes. Two performances, afternoon and evening.

### GRIFFITH TO DO "FAUST"

D. W. Griffith has decided that his next production will be a screen adaptation of "Faust."

What with Christopher Marlowe having treated the legend dramatically as early as 1590, and Goethe having made it the basis of his dramatic poem, and Gounod having used it in terms of music, it only remains for D. W. Griffith to bring it up to date and make a motion picture out of it.

It is predicted that Lillian Gish will play Marguerite.

### RE-ENTER MURIEL OSTRICHE

Muriel Ostriche is to be starred in a series of special features to be made by the Sallent Film company, now producing organization. As an ingenue with the World Film company she built up quite a following all her own, and she has many friends and admirers who are eager to welcome her back to the screen.

### MILDRED HARRIS IS BUSY

Mildred Harris certainly is a busy little person. What with having so much alimony to spend and a house to build and pictures for Louis Mayer to make, she is now going to work and forming her own company. The new Mildred Harris company is virtually ready to start operations. Chester Franklin will direct and Jack Evans, the English producer, will manage the company. John W. Grey, co-author with Arthur Reeve, has been selected to write five original stories for Miss Harris.

### "ONE ROOM AND BATH" FOR BESSIE LOVE

Having decided that "One Room and Bath," the Saturday Post story concerning the humorous experience of a young couple who try to find happiness in a fashionable hotel apartment limited to room and bath space, will prove a suitable vehicle for her next production, Bessie Love will return to work at Hollywood studios.

### "FRECKLES" ON THE STAGE

Wesley Barry, Marshall Neilan's popular little star, will shortly make his debut on the speaking stage. By special arrangement with N. T. Parker, the freckle-faced youngster will in Los Angeles in the title role of

Members of the Tri Theta sorority were pleasantly entertained at the home of Miss Doris Ginter, N. Collett-st. Monday. Bridge was enjoyed throughout the evening. Miss Mae Henster holding high score. Later the guests were invited into the dining room, which was artistically decorated with red carnations and George Washington suggestions, where a dainty lunch was served. Guests other than the members were Miss Ethel Barsdale and Miss Edna Hawisher.

The next meeting of the sorority will be held at the home of Miss Mae Henster in a fortnight.

Mrs. E. M. Gooding, W. Market-st., was hostess to the members of the West End and Friday Bridge clubs at a very delightful 1 o'clock luncheon at the Lima Club Tuesday. Small tables were arranged throughout the dining room and centering each table was a pretty cherry tree, in keeping with the day.

Mrs. Leecher Neely, newly elected president of the Lima Federation of Women's clubs, was hosted to the other officers at a very pretty impromptu 1 o'clock luncheon at her home Monday. Fannie Hawers and other appointments in keeping with the season made the table very attractive. Plates were consecrated for the year's work, many new ideas being introduced.

Present were Dr. Josephine Pease, first vice-president; Mrs. E. Lippincott, second vice-president; Mrs. J. H. Porter, secretary; Mrs. Mund Mathews, treasurer, and Mrs. H. H. Sterrett, corresponding secretary.

Monday evening the girls of the Girls' Club House, N. West-st., and an invited guest for each girl, were delightfully entertained by the Ways and Means committee with an old fashioned "tally pull." Games and music were other features of the evening's pleasure.

Members of the Ways and Means committee are: Mrs. Thomas Peate, chairman; Mrs. L. E. Justus, Mrs. Ross Mullen and Mrs. George Ludden. Guests other than members were Mr. and Mrs. Robert Kuhn, Mrs. Louis Long, Mrs. Thomas Cook, Mr. and Mrs. L. Deppen, Miss Ruth Wheeler, and Miss Virginia Ladd.

Seven little girls met with Barbara Siford, W. High-st. and organized the Everette club which will meet every other Saturday afternoon from 2 to 4 o'clock. Officers are Barbara Siford, president; Jane Ladd, vice-president; Maryelle Place, secretary and treasurer. Other members are Helen Teach, Dorothy Foltz, Rewena Oswald and Jane Lamb, following a business meeting a dainty lunch was served by the hostess.

The next meeting will be held with Helen Teach.

An informal reception was held at the home of Mrs. L. D. Davis Monday in celebration of the 65th wedding anniversary of her parents, Mr. and Mrs. W. E. Bowles. The Daughters of Veterans, together with other friends of the family called during the day.

Mrs. Theodore Michael will leave March 6th for Pasadena, California. She will meet friends in Chicago and will not return to this city until sometime in April.

Mrs. C. S. Smith, E. High-st., delightfully entertained a merry group of little girls Saturday afternoon in honor of the 6th birthday anniversary of her daughter Katherine.

There will be a special business meeting of the Beta Sigma Pi sorority at the home of Miss Bess Sherman, W. Market-st., Monday evening at 7:15 o'clock.

H. E. Hadfield who is a student of the Rose school at Ft. Wayne was the guest of his parents Sunday.

Mr. and Mrs. C. E. Strawbridge enjoyed Washington's birthday with friends in St. Marys.

Mr. and Mrs. D. J. Cable, Springfield, have returned from a trip of a month to the southwest. While absent they visited at the home of their daughter, Mrs. Ethel McCabe, in Tulsa, Okla., and while in that city were entertained by many Lima people, now residents there. They also visited Houston, Texas, where they were entertained by their son Joseph. They proceeded by steamer across the Gulf of Mexico to Key West and stopped in Miami, Fla., and Charleston, S. C., where they visited historical points.

Enroute home they stopped with their daughter, Miss Marian Cable, who is a student at Hollins College in Virginia. Mr. and Mrs. Cable for an art association, which for a reached Lima Sunday. While absent, Mrs. Cable inspected many Y. Harmon at various times has helped W. C. A. buildings, in the hope of bringing new ideas to Lima for installation in the Y. W. C. A., to soon R. O. Ramseyer, now of Dayton.

Two years ago the City Federation of Women's clubs in arousing the women to the necessity of more interest in art in our midst was fortunate in having for chairman of the art department Mrs. E. A. Williams and as secretary Mrs. Charles Schell, both well qualified to inspire others with a desire for beauty. Thru their efforts and with a fine committee an art study club was formed that has done excellent work along various lines, bringing noted lecturers, artists and rare exhibits to Lima.

Monday evening witnessed the opening of a most valuable exhibition. As is usual in all exhibitions the first view was limited to a certain number, namely the Art association, the Art Study club, The Art committee, Federation officers, presidents of clubs and the city officials, a most appreciative audience of about 100 who were delighted by the beauty and arrangement of the exhibition for it has been done by a master hand, William Sawitzky, New York.

Mrs. E. A. Williams in a few well chosen words presented the speaker of the evening, a man of rare culture and discernment, saying in the beginning, "I am not a professional speaker and my English is very young." Mr. Sawitzky is a Russian with an American wife who criticizes his English.

While America has had students abroad for 150 years its art is only 50 years old and such men as Homer Winslow, Wyant, George Inness and a very few others made American Art. For instance this wonderful Art, when painting by Inness could only have about 15 city mail carriers and their been done in America for Europe.

The awakening of our people to a realization of our own art shows the fall of the relish of European art. The old kind of museum is dying out today. One sees new museums springing up, not large in size but small and limited to a few good pictures added yearly. These museums have also art schools and are of much value to a town as a public library, including fine courses in commercial art, a valuable asset today.

In the collection some rare examples are shown of Yeats, Wyant, and Poitast, all Ohio painters of renown.

The collection is one deserving many visits from many men and women, or it is a rare opportunity to see paintings by real Americans and truly missionary art work for no admission is asked but cooperation, attention and study. The showing is being made this week in the Chamber of Commerce auditorium.

The next meeting will be held Monday with Miss Mabel Mackenzie.

East Division of the Ladies' Aid society of the Zion Lutheran church will meet Thursday with Mrs. Harry Boyd, 630 Prospect-ave.

## WORRY IS A HABIT THAT SHOULD BE SHUNNED

(By SUSIE SMART)

Pear Miss Smart:  
An married woman and I think  
everything of my husband but I can't  
be happy. It isn't that my husband  
isn't good to me, but I have a sister  
who is leading the wrong kind of life.  
She does not care what she does or  
what people say about her. I have plead-  
ed with her and have done everything  
I can to make her see that she is  
worrying me. Can't you please tell me what  
I can do to stop worrying and help  
my sister to lead a proper life?

A. B. C.

You say that your husband is good to you. Surely you must see that you  
cannot make your husband's home life pleasant when you have work-  
ed yourself into a nervous state. You must realize that you are not helping  
anyone by your worry and you are only undermining your own health.

Of course, I do not mean to infer that your sister and the seriousness  
of the life she is leading should not be of great concern to you. You would  
not be a true sister if you did not try to influence her to lead a better life.  
However, if you have done everything for her, you can at least have that  
peace of mind of knowing that you did your utmost. Sisters must at  
some time suffer for their sins. Life has very effective methods by which  
it calls its straying souls to time. Some day perhaps your sister will realize  
her mistake and then show your bigness of heart, forgive her and in-  
fluence her to lead a good life.

Pear Miss Smart:  
(1) What kind of hats are going to  
be in style in early spring wear? (2)  
What silk pattern to wear for dresses  
and suits? Please give me a recipe for  
butter fudge. M. S.

(1) The spring hats are composed  
of straw, maline, silk and satin prin-  
tress. They run in bright colors  
and are highly ornamental. Often  
the colors are used in  
combination and flowers; lots and  
lots of flowers, are being used. (2)  
It may be worn. (3) Here is a  
recipe for ten minute fudge: Mix  
together two cups granulated white  
sugar, one fourth cup of milk (a  
generous measure) and add two  
cups unsweetened chocolate. Let  
it cook six minutes after it comes to  
a boil. Remove from the fire, add  
one tablespoon butter nut meats, if  
desired and one teaspoon of vanilla  
and beat four minutes. Pour into  
a buttered pan.

Pear Miss Smart:  
(1) Are the puffs and slippers going  
to be worn exclusively this summer?  
(2) What colors are out this spring?  
(3) What are some good colors in coats this spring?  
(4) What does the name Alice mean?  
(5) Can a girl marry her second cousin  
once removed? Alice is a friend who  
has a boy friend. He is a graduate  
of a college and is engaged to a  
woman. (6) Is he married? (7)  
If so, how old is he? (8) Is he married?  
(9) If so, how old is he? (10) If not, would  
it be wise this summer? I MAY 1 DOWN LIVES

(1) Yes. (2) The cage coats are  
very popular at present and the major-  
ity of the spring coats show the  
cape effects. As I am not endowed  
with the power of looking into the  
future I cannot tell you whether or  
not they will go out of style as  
quickly as the capes did. (3) Grey,  
blue and tan are all very good  
colors. (4) Yes, the laws  
of the states of the U. S.  
Ohio first cousins are permitted  
to marry. (5) I could not say that  
I am the correct and proper  
name. Surely your friend has some  
relative or some place elsewhere to  
which she is related. However, you probably

suit a hair dresser if your hair is  
very thin. Often different individ-  
uals require different treatment.  
(2) A regular cream for removing  
freckles may be obtained at a drug  
store or from anyone handling toilet  
articles. An excellent preparation  
for whitening the skin is made  
from a teaspoon of tincture of  
benzoin to an ounce of rosewater.  
(3) Many persons have very brittle  
nails, which break off continually.  
It is said if a little vaseline is ap-  
plied to the nails and allowed to re-  
main on them for some time it will  
help to soften them and thus pre-  
vent them from breaking. (4) If you  
conduct yourself properly there is no  
harm in kissing a boy when he  
tries to kiss you if you didn't want to  
make him peevish. (5) Should I wear high heels: (6)  
What should you say to a boy when he  
tries to kiss you if you didn't want to  
make him peevish? (7) Do you think I  
am old enough to have company once  
a week?

BLUE EYES  
Dear Miss Smart:  
(1) Thursday's paper a person  
wanted to know about the overseas  
boys starting back. She means back  
overseas back to U. S. I am interest-  
ed because my husband was overseas.  
What does an infant's first wardrobe  
include?

(1) The woman was inquiring as  
to whether or not it is true that all  
the overseas boys will return to the  
U. S. in April or May, I believe. We  
have received no official information  
as to this effect. (2) The following  
articles may be included in a baby's  
wardrobe: Six plain white slips,  
made 21 inches long from the  
shoulder to hem and with kimono  
sleeves; two "Sunday" slips, with  
bishop sleeves, may also be includ-

ed; four flannel skirts, princess  
style, four "nighties" or sleeping  
bags, made out of outing  
flannel; three flannel binders, four  
shirts; four pairs of hose and two  
socks. If desired, the night gowns  
may be made with sleeves two  
inches longer. Draw strings are  
used to tie the sleeves and hem  
and baby's feet and hands thus pro-  
tected from cold. If you will write  
to the Children's Bureau, Wash-  
ington, D. C., you will receive a bulle-  
tin on the care of children.

Dear Miss Smart:

(1) I am 16 years old, have  
brown hair, blue eyes and am five feet  
one inch tall. What colors can I wear  
best? (2) Should I wear high heels: (3)  
What should you say to a boy when he  
tries to kiss you if you didn't want to  
make him peevish? (4) Do you think I  
am old enough to have company once  
a week?

BLUE EYES

Wear colors which are most be-

coming to your type. (2) Do not  
use high heels for street wear. If  
he becomes "peevish" as you say,  
think that you are probably old and  
do not pay any attention to him.  
He will soon get over it and he will  
really respect you more in the end.  
(3) Simply tell him that  
you do not care for such things and  
and the boy is respectable.

## Bread with Raisins is a Better Food

Forget, for a moment, the delicious flavor of raisin bread  
and think of its value as a food.

Raisins furnish 1560 units of energizing nutriment per  
pound, as well as natural iron which brings the rose  
tint to women's and children's cheeks.

The raisin's pure fruit sugar is in practically predigested form, so it is  
almost immediately assimilated. This fruit-food value added to the  
nourishment of wheat, forms an almost ideal food.

Send 'round the corner or telephone to your grocer or bake shop for  
a loaf of Sun-Maid Raisin Bread or bake a loaf at home according  
to the recipe below.

The raisin flavor permeates the bread. Try the bread plain, with or  
without butter. Learn what delicious toast it makes.

Serve at least twice a week to break the monotony of plain bread.

Every first-class baker sells Sun-Maid Raisin Bread

## SUN-MAID RAISINS

Use Sun-Maid Raisins in all your  
cooking for they are the finest  
raisins grown. Made from tender,  
juicy, thin-skinned California  
table grapes.

Packed in an immaculate plant in  
California. Clean, sweet, whole-  
some American raisins—the  
kind you know are good.

CALIFORNIA ASSOCIATED RAISIN CO., FRESNO, CALIFORNIA  
Membership 10,000 Growers

Three varieties: Sun-Maid seeded  
(seeds removed); Sun-Maid Seed-  
less (grown without seeds); Sun-  
Maid Clusters (on the stem). All  
dealers. Insist upon the Sun-Maid  
brand.

Send for free book, "Sun-Maid  
Recipes," describing scores of  
ways to use.

### SUN-MAID Raisin Bread

3 cups flour  
1 teaspoon salt  
3 scant teaspoons baking powder  
1½ tablespoons of sugar  
Sift well together  
½ package Sun-Maid seeded  
raisins  
1½ cups milk

If desired to make bread a little  
richer, 2 tablespoons of butter and  
1 beaten egg may be worked in.  
Bake 50 minutes. Will make one  
loaf. Cannot fail.

This recipe makes delicious raisin  
muffins.

**MANICURE SET IN SOLONS' LIST**

Wide Variety Shown In "Needs" of Congress.

POWDER PUFF IS INCLUDED

Also Range From Eggs Crates to Baby Ring.

WASHINGTON — The needs of Congress are many, running from powder puff boxes and metal egg crates up to mahogany desks.

The annual report of the clerk of the House of Representatives just made public shows a wide variety of expenditures from the contingent fund of the House. No record is given to show for whom the expenditures were made or whether the expenditures were reimbursed, altho, of course, it must be presumed that they were.

Some of the contingent fund expenditures were as follows: One box party invitations, \$4.45; one dozen No. 6 hornet cards, \$2.75; manicure set No. CD7837, \$5.40; two "From Me to You" calendars, \$1.60; one puff box, \$1.50; three 2-dozen metal egg crates, \$2.55; one my-hot thermos bottle, \$4.20; two "Some One Like You" books, \$1.00; one jewel case, \$3.30; one watch bracelet, \$2.50; one baby ring, \$1.50; one silver locket, \$4.50.

**NEED ALARM CLOCKS**  
Evidently Congress found it difficult to awaken last Winter, for the report shows that on March 16 twelve alarm clocks were purchased for \$21, and this purchase was followed a month later by another purchase of twenty-four more alarm clocks.

On warm August day, the report shows, it became necessary to purchase one "Kalamazoo ice blanket."

The refurnishing of the clerk's office cost considerable, for there were two rugs purchased at a cost of \$507, but that was a minor expenditure compared to the \$1,283.25 spent for a rug for the House lobby. The major leader's room secured a rug at a cost of \$410.10.

**THEY SUE KELP CHEAN**

At least Congress keeps clean, for there were twelve dozen bath towels purchased for \$12.60. And when Congress bathes it is an affair of luxury that rivals the baths of famous old Egyptian queens, for the report shows that on July 16 there were purchased eight bars of soap at \$1.50 a bar and ten bars of soap at \$1 a bar.

Nearly every voter must have received a Christmas card, for the report shows that huge numbers of Christmas cards were purchased from the contingent fund.

The high cost of speaking is reflected in the report. Congressmen mail their speeches to their constituents and expert folders are hired to prepare the speeches for mailing.

Fifteen pages of the report are filled with expenditures for folding speeches, a fair example of these expenditures being a payment of \$124.50 to Arthur T. McAvay for folding 128,000 speeches during March, 1920. On June 22 there was paid out \$40.50 for six barrels of paste used in mailing speeches.

**DEATHS COST MONEY**

When a member of Congress dies it is also costly. The report shows that it is customary to spend \$350 for a casket for a deceased member and the expenses of the burial party run rather high.

Investigation cost Congress a great deal. Representative James AT WATSON'S.

SMUGGLES SAW TO FATHER IN JAIL

Miss Verner Dorsett

Miss Verner Dorsett, a young Atlanta, Ga., girl, was recently indicted by the Campbell County grand jury for having aided in the delivery of her father and four other prisoners at the Campbell County jail. She frankly admits having smuggled saws in the prison.

Love for her father, an aged moonshiner, sentenced to serve two years,

was the motive which led her to risk her own liberty in a successful attempt to liberate him. Now, her father saved, she herself faces a prison term.

A. Frear received \$2,500 for expenses incidental to a trip made by a subcommittee investigating aviation between August 10 and October 19, 1919. This was but one of hundreds of expense bills paid for members of investigating committees and special investigators.

A perusal of the report is convincing that the cost of legislation comes high.

**ONE WEEK FOR PROTEST ON O. E. VALUATION**

Unless protest is filed before another week, the State Public Utilities board, which fixed a valuation of \$906,000 on the Ohio Electric light and power company property recently, will proceed to set up rates on the basis of above valuation.

To decide whether to protest this valuation, council will hold a special meeting Friday night.

This valuation is lower than the Ohio Electric engineers report. They placed the figures at \$1,300,000.

**LUNG TROUBLE FATAL TO MRS. C. M. TABLER**

Mrs. Gertrude Tabler, 62, widow of Cyrus M. Tabler, died at her home, 321 N. Pine-st, early Tuesday, after an illness of a week from lung trouble. She was born in Westminster April 14, 1858, the daughter of Mr. and Mrs. Benjamin Underwood.

She is survived by four children, Carl C. Tabler, Cushing, Okla.; Miss Bernice Tabler, at the parental home; Mrs. Neva Grunen and Mrs. Leo Richter, Lima. Two grandchildren are also left.

Funeral services at Salem church near Westminister, at a date not announced. Interment in Salem cemetery.

**DEATHS COST MONEY**

When a member of Congress dies it is also costly. The report shows that it is customary to spend \$350 for a casket for a deceased member and the expenses of the burial party run rather high.

Investigation cost Congress a great deal. Representative James AT WATSON'S.

**LOVE GOLD, SUES FOR BIG 'GIFTS'**

Curtain Rung Down on Hubby When Doctor, 62, Appears

LOCKED FROM HIS OWN HOME

Woman Says Money Advanced to Get Rid of Spouse

BALTIMORE, Md. — When Dr. Cyrus C. Moore, 62-year-old physician of Philadelphia, and Mrs. Ethel V. Newton, dark-eyed and pretty, advanced her thousands of dollars and she believes the total was more than \$21,000, alleged in the various promissory notes that were offered in evidence by Attorney Lewis W. Lake, counsel for the physician. She was not expected to pay back the money, she testified, because it was understood between them that the cash and checks were "gifts" bestowed upon her by the doctor.

"I signed these notes indiscriminately," she said, explaining that the doctor told her he wanted to have them to protect himself in case his husband should sue him for alienating her affection.

**MANY AGREEMENTS**

"Did the doctor tell you each time he gave you money that it was a gift?" she was asked. "No," replied the witness, "not every time, but I understood it that way. The original agreement between us was that a part of the money was to be used to pay my husband's debts. After the first understanding we had thousands of other agreements. Almost every day there was an agreement, and it was understood that the first \$6,000

she owes him, declared that Dr. or \$7,000 was given me to get rid of my husband."

The first trip she made with Moore ordered Newton kept out of her own home.

She admitted that Dr. Moore had

been to her home, she said, in July, 1915. At that time, she said, he gave her a brooch set with 13 diamonds.

Asked if her husband had not objected to the friendship between her self and Dr. Moore, who admitted

that he was 62 years old, Mrs. New-

ton said that he did. "My husband not only objected, but left me in

1915," she said.

"He went away on a trip and was injured in a railroad wreck and was taken to a hospital in Philadelphia. When he recovered he came home

and stayed for some time. Finally Dr. Moore changed the locks on the place, and said my husband had to be kept out of the house. And that was the end of my husband."

"What do you mean?" asked Mr. Lake.

"I mean that was the end of him so far as I was concerned," replied the witness.

SMUGGLES SAW TO FATHER IN JAIL

POWDER PUFF IS INCLUDED

Also Range From Eggs Crates to Baby Ring.

WASHINGTON — The needs of Congress are many, running from powder puff boxes and metal egg crates up to mahogany desks.

The annual report of the clerk of the House of Representatives just made public shows a wide variety of expenditures from the contingent fund of the House. No record is given to show for whom the expenditures were made or whether the expenditures were reimbursed, altho, of course, it must be presumed that they were.

Some of the contingent fund expenditures were as follows: One box party invitations, \$4.45; one dozen No. 6 hornet cards, \$2.75; manicure set No. CD7837, \$5.40; two "From Me to You" calendars, \$1.60; one puff box, \$1.50; three 2-dozen metal egg crates, \$2.55; one my-hot thermos bottle, \$4.20; two "Some One Like You" books, \$1.00; one jewel case, \$3.30; one watch bracelet, \$2.50; one baby ring, \$1.50; one silver locket, \$4.50.

**NEED ALARM CLOCKS**  
Evidently Congress found it difficult to awaken last Winter, for the report shows that on March 16 twelve alarm clocks were purchased for \$21, and this purchase was followed a month later by another purchase of twenty-four more alarm clocks.

On warm August day, the report shows, it became necessary to purchase one "Kalamazoo ice blanket."

The refurnishing of the clerk's office cost considerable, for there were two rugs purchased at a cost of \$507, but that was a minor expenditure compared to the \$1,283.25 spent for a rug for the House lobby. The major leader's room secured a rug at a cost of \$410.10.

**THEY SUE KELP CHEAN**

At least Congress keeps clean, for there were twelve dozen bath towels purchased for \$12.60. And when Congress bathes it is an affair of luxury that rivals the baths of famous old Egyptian queens, for the report shows that on July 16 there were purchased eight bars of soap at \$1.50 a bar and ten bars of soap at \$1 a bar.

Nearly every voter must have received a Christmas card, for the report shows that huge numbers of Christmas cards were purchased from the contingent fund.

The high cost of speaking is reflected in the report. Congressmen mail their speeches to their constituents and expert folders are hired to prepare the speeches for mailing.

Fifteen pages of the report are filled with expenditures for folding speeches, a fair example of these expenditures being a payment of \$124.50 to Arthur T. McAvay for folding 128,000 speeches during March, 1920. On June 22 there was paid out \$40.50 for six barrels of paste used in mailing speeches.

**DEATHS COST MONEY**

When a member of Congress dies it is also costly. The report shows that it is customary to spend \$350 for a casket for a deceased member and the expenses of the burial party run rather high.

# THE PARADISE MYSTERY

By J. S. FLETCHER

"Impossible that it could strike, And in the meantime there were other things to be done—one of them that very night.

But before Bryce could engage in his secret task of excavating a small portion of Paradise in the rear of Richard Jenkins' tomb, another strange development came. As the dark fell over the old city that night he was thinking of setting out on his mission. Mitchington came in, carrying two sheets of paper, obviously damp from the press, in his hand. He looked at Bryce with an expression of wonder.

"Here's a queer go!" he said. "I can't make this out at all. Look at these big handbills—but perhaps you've seen 'em! They're being posted all over the city—we've had a bundle of 'em thrown in our faces."

"Ah," said Bryce. "And—how?" "Made an example of somebody," replied Sackville, with emphasis. "I believe there's law in this country, and isn't there?—law against libel and slander, and that sort of thing, eh?"

"Not been much time for that—yet," remarked Bryce.

"Piles of time," retorted Sackville, swishing his stick vigorously. "No, Ransford is an ass! However, if a man won't do things for himself, his friends must do something for him."

Ransford, of course, must be called—dragged!—out of this infernal hole. Of course he's suspected! But my stepfather—he's going to sue a hand. And my stepfather, Bryce, is a devilish cutie old hand at a game of this sort!"

"No doubt Mr. Folliot's abilities are fine," said Bryce. "But we don't mind saying—how is he going to take a hand?"

"Sit things toward a clearing—" announced Sackville promptly. "Have the whole thing gone into—dark! There are matters that haven't been touched on, yet. You'll see, my boy!"

"Glad to hear it," said Bryce. "But—why should Mr. Folliot be so particular about clearing Ransford?" Sackville snuffed his stick, and pulled up his collar, and jerked his head a trifle higher.

"Oh, well," he said. "Of course, it's a pretty well understood thing, don't you know—between myself and Miss Bewery, you know—of course, we couldn't have any suspicions attaching to her guardian, could we, now?" Family interests don't know—Caesar's wife, all that sort of thing, eh?"

"I see," answered Bryce quietly. "A sort of family arrangement. With Ransford's consent and knowledge, of course."

"Ransford won't even be consulted," said Sackville, airily. "My stepfather—sharp man, that Bryce—is all doing in his own fashion, you look out for sudden, revelations!" "I will," replied Bryce. "Bye!"

He turned off to his room, wondering how much of truth there was in the famous Sackville's remarks. And—was there some mystery still hidden by himself and Harkness? There might be—no was still under the influence of Ransford's moment and dramatic assertion of innocence. Would Ransford be allowed himself an outburst of emotion if he had not been, as he too, utterly ignorant of the immediate cause of Braden's death? Now, here all thru was a strong tinge, for its own purpose, of "doubt." It was full or partial, in that death—Ransford's own, now, not so far about it where did his love theorize come in—and now with his present machinations replete? And, more—if Ransford's theories were true, or if Varne's or the man seen for an instant in the library, were also true—did Varne was persisting in it—who was the man who flung himself to his death that morning?—realized that instead of straightforward, things were becoming more and more complicated.

He realized something else. On the surface there was a strong case of suspicion against Ransford. It has been suggested that very morning before a coroner and his jury would know, the police were already permeated with suspicion and fear. Would it not pay him, to encourage it, to help it? He had his own way to pay off against Ransford, he had his own enemies—Varne and Mary Bewery. Anyway, he did not come to sit in any attempt to clear the man who undoubtedly—he would bide his time.

**Makes a Family Supply of Cough Remedy**

Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.

If you combined the curative properties of every known "over-the-table" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of the better cough syrup than you could buy beaten-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

# HER OWN CAREER

By PHYLLIS PHILLIPS

You've got your work set. He gave you a nasty knock this morning by his few words about that bill. Did Coates and Everest find a pill, now?

"Not at liberty to say, sir," answered Mitchington. "At present, anyway. Uh! I dislike these private offers of reward; it means that those who made 'em get hold of information which is kept back from us, you see. They're inconvenient."

Then he went away, and Bryce, after waiting awhile until night had settled down, slipped quietly out of the house and set off for the gloom of Paradise.

(Continued Tomorrow).

## BEDTIME CONFIDENCES

"I'll be with you in just a few moments, Fern," said Gwenda as Fern turned off the studio lights and made for her bedroom and then I'll be thru with my letter."

"Righty-o," answered her cousin with a tremendous yawn.

Silence, as deep as all eternity, reigned in the place for the next half-hour. At the end of that time Fern called out to Gwenda to hurry up and finish the history of her life and come in and have a cozy talk with her.

Flushed and highly excited, Gwenda signed her name with a flourish to the letter she had written.

"I know you two were getting on famously," reported Gwenda. "And that's why John Neals decided to leave you alone for the evening."

"He leaves so much to the imagination, and yet he is alive. So definitely, joyously alive," went on Fern dreamily as she ran her fingers thru her shiny, loose hair. "He thinks that I have the most beautiful hair he has ever seen."

Carelessly herself for very happiness at the memory of the absent Manuel's words.

"He naturally would, my dear,

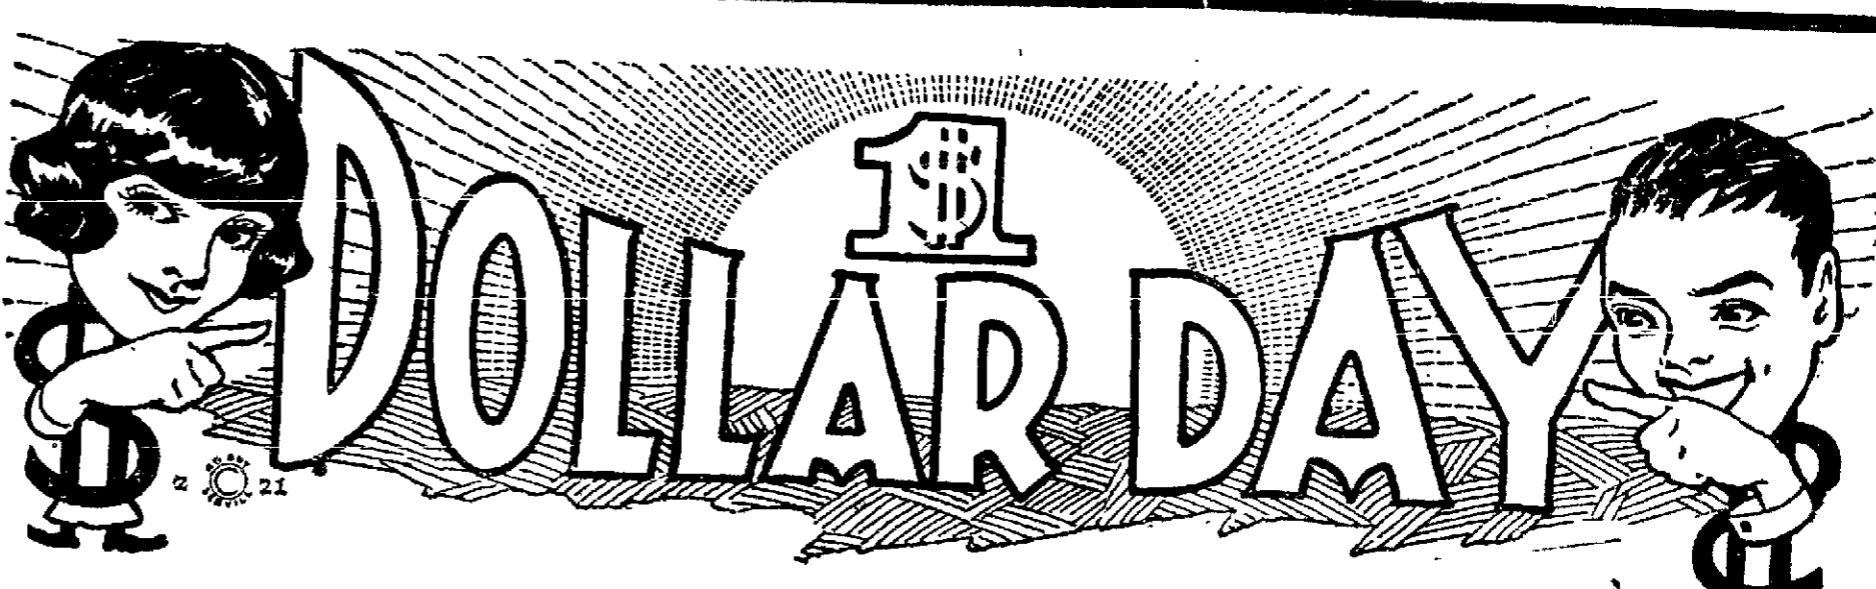

has a most attractive manner and the sort of voice that could move a wooden image, I think," said Gwenda.

"And besides, he is most interesting, has been everywhere, seen everything worth seeing, and, gee, Gwenda, he understands how to please women, I can tell!" finished the excited girl with a sigh that spoke volumes.

"I'm glad that you like Manuel, Fern, and I hope that we can have him up here as much as possible."

# ALL SET FOR BIG "DOLLAR DAY"

Merchants Optimistic of Wednesday Results

**BIG CROWDS ARE EXPECTED**

Comment of Business Men on Eve of Special Sales

Lima's next greatest merchandise event of the year—Dollar Day—comes on Wednesday. Everything is ready for the big crowds expected from Lima and the surrounding territory.

Stores are teeming with bargains and display windows are in their best bib and tucker. Merchants have reason to feel that better results will be obtained Wednesday than in any similar event in the past history of Lima merchandising. A visit among business men Tuesday found all of them busy preparing special bargains and everyone is bubbling over with enthusiasm for the morrow. The only thing that remains necessary to make the day a complete success is the weather, and if the brand up Tuesday can be taken as an indication of the sort we'll have Wednesday, there'll be no difficulty in that score.

R. B. Dunn, The Detsel company: "We have made the biggest preparations ever. We will have better prices ever."

J. W. Rowlands, The J. W. Rowlands company: "We will do all in our power to give people in and out of Lima the best bargains ever."

D. M. Wohlgemuth, Feldman & Company: "There will be more bargains offered on Dollar Day than on any previous occasion."

Fred E. Goodrich, The Gooding Soap company: "This one will be like the first Dollar Day than in the last five years."

W. J. Kettler, Neumann & Kettler company: "Merchants for plain stocks must take a big loss. The edition of the times necessitate

big bargains."

Material manager The Boston Store: "We have made preparations in expectation of the largest sales Lima has ever had."

Charles E. Gordon, Gordon's Men Ready to Wear Store: "We set the biggest Dollar Day in history."

Frederick Michael, of Michael's Men Store: "People right now are buying for old prices and we'll be taking care of them."

Louis B. Rothstein, The Leader: "Assure the buying public we'll be able to stretch the dollar Wednesday."

Paul W. Crawford, Crawford's Shoe Store: "Dollar Day affords a closer contact with the public. It gives Lime merchants a chance to make buyers feel at

home."

J. P. Blum, Blum's Department Store: "Because I think it will be the biggest attendance ever, we are taking preparations for the biggest Dollar Day in history."

George R. Carter, Carter & Carter Goods: "A great opportunity for the people to buy economic."

I say opportunity because they get the benefit of buying at the end of the winter and start of the season."

P. E. Dunmore, manager Hoover's company: "I think Dollar Day is a mighty fine thing and while my company has nothing to offer today, we always set aside special days on this date."

**30 PER CENT ARMOUR STOCK DIVIDEND**

Declaration of what amounts to a 30 per cent stock dividend on the old \$10,000,000 outstanding common stock was announced yesterday by Armour & Co., the Chicago meat packing concern. The dividend was declared in December and is explained in the following statement:

**OHIO OIL REDUCES DIVIDEND**

The Ohio Oil company declared a dividend of \$1.25 regular and \$1.75 extra per share yesterday, payable March 31st. This is a reduction of \$2 per share from the last quarter.

The Goodyear Tire and Rubber company has an aggregate debt of \$65,964,290, according to a full statement of the plan for reorganization of the company, together with the agreement entered into by the various creditors, which has just been issued by the committee having the plan in charge.

The company has present commitments for future deliveries of merchandise on which specifications and prices have been fixed, amounting to \$54,859,593. In addition the company estimates materials covered by commitments have depreciated \$18,247,000, which was not heretofore written off.

When the recapitalization plan is consummated there will be \$85,000,000 in securities outstanding ahead of the preferred and common stock, consisting of \$25,000,000 first mortgage sinking fund bonds, \$25,000,000 debentures, and \$35,000,000 prior preference stock.

**NEW YORK BROKERS FAIL**

Failure of the brokerage firm of Herrick & Bennett was announced.

Receivers later were appointed in the federal court.

Petitioning creditors with claims less than \$1,000 stated the firm had made an assignment for the benefit of Edward F. Fitzgerald, to the detriment of other creditors. The petition asserted known liabilities totaled \$1,300,000, due banks, and known assets consisted of securities worth approximately \$1,700,000.

## HEARING ON GAS

## Council and Chamber of Commerce Committee to Confer

Efforts will be made Wednesday night at a meeting of the gas committee of the chamber of commerce and the city council to iron out the recommendation of the franchise committee accepted opened the way for this move.

A. C. CaJacob, chairman of the chamber of commerce committee, said Tuesday that his committee is favorable to any plan that will assure natural gas and prevent the city from losing that luxury and at the same time give both the gas company and the consumer a square deal.

## CHEVRON FOUND NOT GUILTY OF NON-SUPPORT

Jury in Justice Ernest M. Botkin's court which on Monday heard the trial of Lowell Chevront, 955 N. West st., charged with non-support of his infant daughter, found him not guilty.

Chevront had stopped paying for support of the child, shortly after he and his wife were divorced in January. Common pleas court ordered Chevront to pay for the support of the child when the decree was granted.

## SHORT SHAVINGS

"They didn't do so much dancing and more fighting when I was in the game," said a has-been at the fight game at the night before Monday night. "A man who would have put on an exhibition back in the 40's when I was making a few dollars a night for doing real fighting would have been mobbed," he added.

Several of his boxers wouldn't have agreed to a mobbing, but they declared themselves as being all dressed up on dancing exhibitions when they cost \$2 and \$3 a throw.

Kitty Gordon has fifty gowns and Mary Garden's forty, according to reports. This news will be interesting to a lot of us who are forced to go to bed with who we send on to the presser.

"At last they've recognized that a hidegeman is of some importance at a wedding," said Jones.

"How odd," queried Smith.

"didn't they have to postpone a wedding the other day because one didn't show up?"

If you are collecting epistolary opening, you might add this, from a Denver pen merchant:

"I trust you will enter into the spirit of this letter with the same calm and friendly consideration that prompts me in writing you."

LIMA MEN NAMED ON COMMITTEES AT STATE Y. M. C. A. CONVENTION

Two Lima men were honored with committee memberships at the 46th annual state convention of the Y. M. C. A., which closed its session at Mansfield Sunday night.

They were A. D. Thomas, manager of the Thomas Communication Service company and Louis C. Bradshaw, general secretary of the Lima Y. M. C. A., the former with membership on the reviewing committee and the latter on the nominating committee.

Lima men in attendance were: A. D. Thomas, P. R. Marshall, Walter E. Booth, Dr. W. S. Pierce, Louis C. Bradshaw, C. S. Burns and Stanley Blunk.

Incidentally, the state convention was held at Mansfield 25 years ago. The main topics discussed were "The World's Need of Christ" and "How to Make Christ Real to Men."
